

## Are you satisfied?

Dear visitors of the Majella National Park,

since 2005 the Majella National Park is certified by PanParks for its sustainable tourism aim, but the process is still going on. There might be room for improvement and so we are very interested in estimations from beyond. We want to make your visitation as comfortable as possible. So we created this questionnaire to find out what we can make better, because as a visitor you are the expert. Please be honest to us. That is the only way which helps us to improve our way of tourism. Of course we are honest to you, all the questionnaires will be treated completely confidential and anonymous. I would like to thank you for spending so much of your precious time helping us.
